25 million people

2-3 million acres farmland

Comments on Proposed Order

- **The State Water Board Should Require the Discharger to Take Interim Measures that Reduce Ongoing Harm to Beneficial Uses While the Discharger Completes Treatment Plant Upgrades**
- **The Proposed Order Is Supported by Extensive Data, Scientific Information and Other Evidence in the Administrative Record as a Whole, Even Beyond Those References Cited in the Permit Findings and the Proposed Order**
- **The Proposed Order Appropriately Requires the Discharger to Meet a Nitrate Limit of 10 mg/L**
- **The Proposed Order Properly Recognizes the Inherent Efficiencies in Upgrading the Treatment Plant to Address Both Ammonia and Nitrate**
